

New advertisement material for our branches and representatives

1. Pens

The SourceWeb pen is of high quality and many parts of it are made of stainless steel. It has a good shelf life and lies comfortably in the hand.

2. Coffee cups

The new SourceWeb cups are made of fine porcelain and are ideal for a coffee during the break. They have a volume of 325ml, are dishwasher safe and show the SourceWeb logo in all its glory.

3. Mousepads

There are two versions of the mouse pads available. A simple variant only with the brands, as well as a more colorful variant.

4. Product tags

With these product tags one thing is immediately clear – these goods are of high quality.

5. USB sticks

With the SourceWeb USB sticks you always have the data with you quickly, reliably, and safely.

6. Roll-up banner

This roll-up banner refreshes a conference room or the entrance hall in no time at all.

7. Key chain

The SourceWeb keychain is made of metal and has a very high-quality finish. It looks stylish and the keys are easier to find in your pocket.

8. Lighter

The SourceWeb lighter from BIC® ensures bright moments in every dark hour ... and of course it provides you with fire as soon as you need it.

9. Tote bags

SourceWeb's stylish tote bags are a great help in transporting high-quality goods through the city center.
